FOOD PACKAGING CERTIFICATE

Product reference :
TLBT/TLPT : MAFDEL TOTALGRIP FLAT AND CONVEYOR BELT

USA : Food and Drugs Administration, Code of Federal Regulations.

The components of the above mentioned belt made of thermoplastic Polyurethane comply with the "Food and Drug Administration (FDA), Code of Federal Regulations (CFR), Title 21", under the paragraphs :

21CFR § 177.1680 Polyurethane resins

The polyurethane resins may be used as the food-contact surface of articles in contact with bulk quantities of dry food of the type identified in § 176.170 (c) (components of paper and paperboard in contact with aqueous and fatty food).

21CFR § 177.2600 Rubber articles intended for repeated use

Rubber articles intended for repeated use may be safely used in producing, manufacturing, packaging, processing, preparing, treating, packing, transporting or holding food.

21CFR § 178.3297 Colorants for Polymers

The colorants for polymers which are listed in this paragraph may be safely used as colorants in the manufacture of articles or components of articles intended for use in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting, or holding food.

Note : This certificate applies only to the above belts in the following conditions :

- belts without any ulterior modification.
- belts used in proper and recommended conditions, i.e. temperature : -30°C to +40°C
